

# LIGHTHOUSE POINT

“Living Lightly on the Planet”

## Fractional Ownership

The latest trend for active travelers and holiday home owners is moving away from solely owning one single leisure property to owning fractional shares in one or more properties, for many reasons... With fractional ownership, unlike time share, you have a share in a property that you have free and clear title to. Fractional ownership entitles you to choose from use of your time in the Condo for vacation, rental for cash flow or the ability to sell without restriction should you wish. Appreciation of your asset over time can offer you vacation time in Grand Cayman, while retaining or growing your initial investment for the future. Lighthouse Point is a unique fractional ownership on the Caribbean Sea in Grand Cayman with Divetech’s Dive shop on site and access to one of Caymans premier shore diving and snorkleing sites just steps from your front door.

## Strata and Fractional Bylaws

**Fractional ownership is available at Lighthouse Point.** The Condo offers breathtaking views of Grand Caymans west facing shoreline and Sunsets. Maintenance and administration of the condo will fall under the Lighthouse Point Resort Strata Bylaws. Fractional owners will have a subset of rules and fees for the Fractional Condo as well, all created for your quiet enjoyment and convenience.

## Ownership

Fractional ownership will be secured through share ownership in a Cayman Company "Lighthouse Point Condo# x" ("the Fractional Company"). This offers a protected and secure method of ownership. As a shareholder in the Fractional Company, owners should consult their tax advisor regarding deductions of the monthly expenses.

## Administration

The Fractional Company will be administrated by Lighthouse Point Development Ltd. by (Jay and Nancy Easterbrook) to look after the month to month management of the Condo, including maintaining a set of books, having needed repairs completed, replacing furniture and household items when needed, perform accounting functions, arranging maid service on turn over, maintaining a schedule of rental periods available, administration of the annual filings to keep the Fractional Company in good standing and performance of inspections to keep the Condo in good working order and ready for occupancy. These are some of the services provided in your Fractional annual fees.

## Fractional Inclusions

In addition to all of the standard features that the **'Living Lightly on the Planet'** condos are equipped with, the Fractional Condo will include several additional features so that your vacation property will be ready for enjoyment, including:

- Fully furnished including all linens, dishes, kitchenware, etc.
- The stamp tax of 6% is included in your purchase price
- The legal and government fees to establish the Fractional Company

## Fractional Company – Share Allocation

There will be a total of 9 shares sold with up to 8 owners of 6 weeks each (48 weeks) and 1 owner of 4 weeks. Multiple blocks of time can be purchased by a single owner, with each block of 6 weeks having 1 share attached to it. The registered holder of the 4 week block will be Lighthouse Point Development Company (Jay and Nancy Easterbrook). These 4 weeks will be used for maintenance of the Fractional Condo as needed, and when not needed, will be put in the short term rental pool with the net revenue contributed back to the Fractional Company to defer operating expenses to the Fractional Company. Owners not using their total 6 week blocks can also place any unused weeks in rental if they so desire, to the owners own financial benefit.

**Price and Time Blocks – Pricing may vary depending on the Condo selected.**
